

Woolworths, Coles, ALDI & Metcash:

-  Don't charge more for loose fresh produce
-  Remove unnecessary plastic in fresh produce - prove packaging reduces food waste
-  Prioritise reuse for home delivery
-  Phase out individually wrapped items packaged in plastic

Write a message to your supermarket:

1. Write a message to your supermarket about their use of plastic packaging
2. Take a picture and share it on social media (tag your supermarket & us!) or DM us
3. At the supermarket, politely ask a staff member to pass it on to the Manager

Plastic Use in Australian Supermarkets

Our report found in more than 70% of cases, loose produce was **more expensive** than the plastic-packaged option.

We don't think you should be charged more to avoid plastic packaging.

Get the truth about
supermarket plastic use
www.supermarketplastics.org.au

In 2024, volunteer Plastic Investigators across the country documented prices in the fresh produce section of their local supermarket, revealing these differences.

Join the **Plastic Investigator Unit** today and contribute to the 2025 report.
